
Cccam 2.2.1 Vu Duo ##VERIFIED## Download

Download

Most of the satellite receiver boxes need CCcam.cfg file with your CCcam lines in it in order to work. Usually users ask their providers for a cfg file not knowing they can create it themselves. Doing this is pretty much easy and you only need to have your CCcam lines to put in it. on the Glassfibre 1GB DVB-C... var pid = parseInt(201594); if (pid > ipb.topic.topPid){ ipb.topic.topPid = pid; } // Show multiquote for JS browsers if (\$('multiq_201594')) { \$('multiq_201594').show(); }) { \$('toggle_post_201594').show(); } // Add perm data ipb.topic.deletePerms[201594] = { 'canDelete' : 0, 'canSoftDelete' : 0 }; Re: Cccam 2.2.1 problem (UK, Sky), help needed #5 WanWizard Re: Cccam 2.2.1 problem (UK, Sky), help needed #6 WanWizard
